

UNDERSTANDING CLOUD COMPUTING AND ITS APPLICATION IN BUILDING THE TEATHAI.COM WEBSITE

nan

Abstract: Looking back at recent technologies, it is clear that the cloud computing trend was imminent, ever since distributed computing and its related technologies (such as grid computing and SOA) were widely accepted. Now cloud computing is here, but there are still many questions about this new technology. The big players have begun to stir in the race toward "cloud computing." Companies like Google, Microsoft, Amazon, Sun... have all been developing their own cloud computing platforms.
