

EXPLORING IMAGE RETRIEVAL METHODS AND IMPLEMENTING A COLOR-BASED IMAGE RETRIEVAL ALGORITHM

nan

Abstract: In recent years, digital images have increasingly attracted the attention of many people, partly due to the growing popularity and affordability of digital image acquisition devices, allowing more people to own and use them. On the other hand, storage device manufacturing technologies have been continuously improved to produce storage devices with large capacity and low cost, making the storage of images in file format more common.

Keywords: IMAGE RETRIEVAL METHODS, IMPLEMENTATION OF COLOR-BASED IMAGE RETRIEVAL ALGORITHM, RETRIEVAL, ACCORDING TO
