

Building a tourism website - Ha Giang Travel for Ha Giang Tourism Trading Joint Stock Company

Phan Văn Tuấn

Abstract: In the context of increasing demand from tourists to learn about and explore culture and natural landscapes, this topic focuses on building a tourism website system named Ha Giang Travel to provide accurate and detailed information about attractions and tourism services in Ha Giang province. Through a process of theoretical research combined with practical implementation, the goal of this topic is to create a friendly, easy-to-use digital platform to support local tourism business and promotion activities. Building this website system not only contributes to promoting sustainable tourism development in Ha Giang but also raises awareness of the culture and ethnic identity of this special region.

Keywords: Travel website, Web development, Ha Giang tourism
