

Building a website for employee management for SanCo decorative lighting company in Thai Nguyen.

Tran Duy Vien

Abstract: In practice, effective human resource management is a key factor determining the success of businesses. This topic focuses on building an employee management website system for SanCo Decorative Lighting Company in Thai Nguyen. The main goal is to reduce workload and improve human resource management performance by leveraging modern technology. The research method combines theories of human resource management with practical implementation of a web application. It is expected that this system will bring many practical benefits, such as enhancing transparency in management and supporting recruitment, training, evaluation, and salary management more effectively.
