

Integration of SaPo sales management software in the design of an online sales website for Linh Nga Cosmetics Store – Thai Nguyen City.

Nguyen Thi Hoa

Abstract: This topic aims to research and implement a solution to integrate the SaPo sales management software into the design of the online sales website for Linh Nga cosmetics store in Thai Nguyen City, meeting the need to optimize business processes and enhance operational efficiency. Through a process of experimentation combined with theoretical research, the objective of the topic is to build an integrated system that helps the store manage online sales flexibly and automate stages from order entry to payment processing. The expected results will bring improvements in information technology and promote the development of e-commerce in the locality.
