

Build a website for Thao Nguyen travel company, Son La.

Do Thi Huyen

Abstract: In the context of rapid tourism development in Son La province, this topic focuses on building a specialized website for Thao Nguyen Travel Company. The main objective is to enhance customer accessibility and optimize the company's information management. Through theoretical research on website design and practical application deployment, the topic aims to provide effective technical solutions for tourism businesses. The expected result will be a user-friendly interface and a flexible content management system (CMS), thereby contributing to the sustainable development of the company.

Keywords: Travel website, CMS, Web design, Son La travel, Application development
